

Internship Allround DTP-er

About DycoTrade:

- DycoTrade designs, develops, implements and maintains software for companies, worldwide active in the supply chains for food, feed and metals, based on Microsofts Dynamics 365 F&O (formerly known as Dynamics AX / Axapta). DycoTrade's market is international, providing solutions all over the world.

What we expect from you:

- As an intern DTP / Graphic Designer you are part of the Sales & Marketing team of DycoTrade. Together with your colleagues you will build on the "new" look & feel of the DycoTrade brand and you will be responsible for designing and editing the website, advertisements, brochures, social media and other promotional material.
- In addition to these activities, you will also receive a variety of graphic assignments, with a strong appeal to your creative and conceptual qualities.
- You follow an MBO course in marketing / graphic designer / DTP
- You have knowledge and experience of the Adobe package (Indesign, Photoshop and Illustrator)
- Independent and entrepreneurial
- An hands-on mentality
- Living in the surrounding area of Amsterdam

What you can expect from us:

- an interesting and exciting internship that offers real responsibility and opportunity for growth
- an international work environment
- a modern, flexible and informal work environment with an emphasis on a healthy work/life balance
- an in-house company-wide free lunch
- trainee allowance
- if needed, you will get the time to work on your assignment

How to apply?

- If you are interested, please send your CV to Emile.Pontier@DycoTrade.com and he will contact you.
